

# CRICKHOWELL TOWN COUNCIL MANAGEMENT OF RECORDS POLICY

## Part 1– Records Appraisal System

### 1. Introduction

1.1 To enable the Council's Records Retention and Disposal Policy to work effectively and to ensure that individual information requests, under the Freedom of Information Act, are handled efficiently, it is essential that the Council has in place a proper system for regularly reviewing and appraising records, including files.

1.2 A properly documented appraisal system will help to ensure that decisions on the retention and disposal of records (paper and electronic) are made in a systematic and consistent manner.

1.3 It will show, among other things, what records have been selected for destruction, under whose authority they are to be destroyed and the date and method of their destruction.

1.4 The appraisal system will also provide similar information for items to be retained whether permanently or for a limited period.

1.5 A pre-requisite to all of this is, the existence of up to date lists of all files and records held – both current and archived.

### 2. Steps to be taken in appraising and reviewing files and records

2.1 The Clerk will need to take the under-mentioned steps when appraising and reviewing items. In appropriate cases, he or she will consult the Chair and, for more general or specific advice, will consult One Voice Wales.

#### a) General Presumption

It is, of course, impossible to include every single record or type of record that the Council holds in Part 2, so there will be a GENERAL PRESUMPTION that, where an item is **not** specifically listed below with a retention or destruction period and it is in paper form, it will be destroyed 5 YEARS after its administrative use has been concluded or on the date of its scanning, whichever occurs first. This period may be extended the under the Records Appraisal System, which is set out at Part 4 below.

## CRICKHOWELL TOWN COUNCIL MANAGEMENT OF RECORDS POLICY

Where an item in paper **is** listed below, it will be retained or destroyed at the prescribed time.

- b) Then in the case of those records and files, which **are not** separately listed in Part 2 of this Policy
- i) Action their transfer and archiving, at the appropriate time, and insert the details in a Record Sheet of the type specified at Appendix A
  - ii) Action their destruction, at the appropriate time, and insert the details in a Record Sheet of the type specified at Appendix B
  - iii) Carry out these reviews at least annually.
- c) Finally in the case of those records and files which **are** actually listed in Part 2
- i) Action their destruction, at the appropriate time, and insert the details in a Record Sheet of the type specified at Appendix B
  - ii) Carry out these reviews at least annually.

### **N.B.**

- 1) Where the Clerk is of the opinion that a record should be retained for a longer period than that set down in Part 2, he or she may mark that record for later review and should make a note of it on the Schedule. Likewise, a record may be destroyed before its due date in appropriate circumstances, subject to the Clerk obtaining the Chair's agreement and to a relevant note being made on the schedule.
- 2) Old archived paper records should be checked periodically to ascertain their physical condition.
